

WE NEED YOUR HELP TO SAVE OUR COUNTY FAIR

You may have heard, we recently lost "Cowboy John's" games and inflatables as our fair entertainment and amusements due to health concerns. While we feel his health is what is important here, it has left us in a crunch to provide safe, fun, entertainment to our area youth in quite a short time frame. This is where you come in.....

We are asking each church and organization in our county to come forward with a form of children's entertainment. It could be a game such as pick up ducks, ring toss, pop the balloon or Dunk Tank. It could be a contest such as hoola hoop, bubble gum blowing or hot dog eating. Or ...maybe you could provide an area and materials for make-it-take it crafts.

We feel this is a great opportunity for youth groups and other organizations to reach out and support the community while raising funds for your own projects. We are offering you space at NO CHARGE. All we require is a response as soon as possible and for you to clear your project idea through us so we can be sure ideas are not duplicated. Remember 1st come 1st serve on space and ideas!!

Set up would be on Friday, July 10 and booths are asked to run either through Monday the 13th or Thursday the 16th. We ask that your booth be open each evening from 5:00-until at least 8:00. The merchants building will be open until 9:00 each evening.

Other fair activities are ...Band entertainment on the park stage on Sunday, Monday and Tuesday evenings. Touch a Fleet of Trucks on the Midway on Tuesday evening in conjunction with the Fish Fry. A "Dance Off Competition" on Wednesday evening with a rain date of Thursday evening. One group has already come forward and asked to run some inflatables. They will be doing so all week long.

Thanks so much for your consideration,
